Read allA brilliant plastic surgeon, haunted by past tragedies, creates a type of synthetic skin that withstands any kind of damage. His guinea pig: a mysterious and volatile woman who holds the key to his obsession.234User reviews421Critic reviewsMetascore This film is mildly recommended.Pedro Almodovar's latest offering, *The Skin I Live In*, continues his directorial trademark of vivid primary colors and graphic patterns, interesting photographic perspectives, hyperbolic narratives that border on Telemundo soap opera excesses, and such flourish and visual élan that only enhance his unique personal style. This talented director heavily borrows from other inspirational sources like Hitchcock's *Vertigo*, a little known British film by William Wyler called *The Collector*, and classic literature like Stevenson's *Dr. Jekyll and Mr. Hyde*, and Mary Shelley's *Frankenstein*. Although this time, Almodovar's film incorporates more horror and sci-fi elements into his mix of ongoing themes that are usually found in his body of work. His themes still boldly emphasize the sexual eroticism between men and women and the consequences of their actions. Only in *The Skin I Live In*, the execution is a bit heavy-handed and stylistically overdone in its melodramatic approach. It never seems to quite come together.Almodovar assembles his patchwork story to tell the tale of Dr. Robert Ledgard (Antonio Banderas, in a demanding and challenging role), a famous plastic surgeon who seems to have come undone with the recent tragic death of his beautiful wife, the victim of a fiery car crash. Obsessed with perfecting a synthetic skin that can withstand any damage, Ledgrad soon focuses on a new patient at his private clinic, Vera Cruz (Elena Anaya, alluring and effective). Vera becomes his consuming passion, his crusade, and his substitute for his lost love. While his research continues and the good doctor makes scientific breakthroughs with resilient skin replacements, the medical establishment becomes horrified and question the ethics of such a process. So does his long-time housekeeper, Marilia (Marisa Paredes), and Vera herself.To say anymore about the plot could spoil the film's many twists and turns in a convoluted screenplay written by the director, a script that interweaves past and present events to fill out the mystery and the resulting tension of the doctor's fixation. The introduction of some minor characters and their collective scenes do nothing to augment the plot which seems a bit muddled in its editing structure as the film slowly unravels the mystery between the doctor and his patient. Major exposition of some of the characters' motives and necessary medical treatments remain unexplained and rather vague and illogical.Still, the film shows a darkly ominous view of compulsion and addiction in intriguing ways. Almodovar's depiction of sexual acts is again totally hypnotic and frank in its presentation and he directs his actors well enough to avoid embarrassment as the characters become more unpleasant and the film's plot becomes more ludicrous and outlandish with every new reveal.The Skin I Live In wants to be seen as a serious film about obsession, revenge, and the use of power to control the human condition. Yet underneath all of its surface treatment and glossy veneer, there remains a simplistic story that is in need of more depth, substance, and a little common sense. His guinea pig: a mysterious and volatile woman who holds the key to his obsession. MoviesJoy Review: *The Skin I Live In* - fantastic movie. I don't watch many movie online in horror genre, but this one was awesome. I was so impressed of *The Skin I Live In* that I ended up watching it eleven times in cinema and few times watch online. *The Skin I Live In* is the only movie I saw whole, more than once Everytime I watch this movie online, I really enjoy the music, it is just pure soul of that movie. The sum of detail and little aspects of the movie that you can long time later is seriously awesome. After watching, I really liked the mix of feelings. I uploaded this movie to MoviesJoy, so everyone can now see it for free online. In honor of his late wife who died in a flaming car accident, scientist, Dr. Robert Ledgard, is trying to synthesize the perfect skin which can withstand burns, cuts or any other kind of damage. As he gets closer to perfecting this skin on his flawless patient, the scientific community starts growing skeptical and his past is revealed that shows how his patient is closely linked to tragic events he would like to forget. Written by napierstogs Cast - Antonio Banderas , Elena Anaya , Marisa Paredes , Jan Cornet , Roberto Álamo , Eduard Fernández , José Gómez , Blanca Suárez , Susi Sánchez , Bárbara Lennie , Fernando Cayo , Chema Ruiz , Buika , Ana Mena , Teresa Manresa , Gabriel Barbosa , Agustín Almodóvar , Miguel Almodóvar , Marta R. Mahou , Fernando Iglesias Director - Pedro Almodóvar *The Skin I Live In* is Drama, Fantasy, Horror, Mystery & Thriller, Science-Fiction movie. Directed by Pedro Almodóvar, and starring Antonio Banderas, Elena Anaya, Marisa Paredes, Jan Cornet, Roberto Álamo, Eduard Fernández, José Gómez, Blanca Suárez, Susi Sánchez, Bárbara Lennie, Fernando Cayo, Chema Ruiz, Buika, Ana Mena, Teresa Manresa, Gabriel Barbosa, Agustín Almodóvar, Miguel Almodóvar, Marta R. Mahou, and Fernando Iglesias. Don't forget to check out more movies like *The Roommate*, *Demon Inside*, and *Omnivores* on Justdial's Movies Online. Total rating count: 151646 An existential mystery, a melodramatic thriller, a medical horror film or just a polymorphous extravaganza. In other words, it's an Almodóvar movie with all the attendant gifts that implies: lapidary technique, calculated perversity, intelligent wit.Full review Since the beloved wife was horribly burned in a car crash, Dr. Robert Ledgard, a surgeon, has tried to develop a new skin that could save the lives of victims who had been burned. Finally, after 12 years, has studied successful Ledgard skin protects the body, but still sensitive to touch.
